

Advances in Radioactive Isotope Science

mercredi 7 juin 2023

plenary 09 - Conclave (08:45 - 10:25)

-Présidents de session: Magdalena Górska

time	[id] title	presenter
08:45	[550] Laser spectroscopy of the Heaviest Elements	RAEDER, Sebastian
09:10	[319] Extremely neutron-rich nuclei beyond the drip line	KONDO, Yosuke
09:35	[646] Nuclear collectivity studied with the newly refurbished Miniball spectrometer at HIE-ISOLDE	GAFFNEY, Liam
10:00	[639] OEDO-SHARAQ system: Its multifaceted performance and recent experimental achievements	MICHIMASA, Shin'ichiro
