

# LabEx UnivEarthS : Scientific Committee 2019

## vendredi 8 novembre 2019

**Valorization project: "Interstellar Institute" M.-A. Miville-Deschênes (08:30 - 08:50)**

**Valorization project: "Multi-Messenger Observatory on the cloud (MMO)" A. Neronov (08:50 - 09:10)**

**Valorization project: "Long range Optical Fiber Instruments for monitoring high-level GeoHazard in harsh environment (LOFIGH)" P. Bernard (09:10 - 09:30)**

**Valorization project: "Development of New Generation KIDs detection chain (NGKIDs)" M. Piat (09:30 - 09:50)**

**Valorization project: "Multi-messenger Analysis Package to Model Extreme Cosmic Accelerators (MAPMECA)" B. Khélifi (09:50 - 10:10)**
