

Open Data: motivation, challenges and solutions

vendredi 18 octobre 2019 11:50 (20 minutes)

The pressure on the scientific community, to provide open access to data derived in their experiments, is rising (e.g. loi numérique, plan national science ouverte). How do we respond to that, what changes are necessary?

Orateur: CHASSANDE-MOTTIN, Eric (CNRS AstroParticule et Cosmologie)

Classification de Session: Additional aspects
