FAIR data and policies

jeudi 27 février 2020 11:20 (20 minutes)

The talk briefly summarises different recent and current activities related to FAIR data and policies, in particular those of the FAIR Working Group of the EOSC Executive Board; two contributions from the Research Data Alliance RDA, on Certification of data repositories, which led to the establishment of CoreTrustSeal, and the on-going work on the FAIR Data Maturity Model; the test of the FAIR criteria performed by Task 4.2; and liaison with FAIRsFAIR.

Orateur: GENOVA, Françoise ({CNRS}UMR7550)
