

Connection instructions

We will use Zoom conferencing service.

The meeting coordinates are:

<https://fnal.zoom.us/j/102399405>

[This implies that the meeting ID: [102399405](#)]

The meeting room is already opened. If you want to make test, feel free to connect.

It is recommended to install Zoom client: https://zoom.us/download#client_4meeting and to use proper audio devices (headphones instead of computer microphone) to avoid echo and feedback.

Please, mute when you are not talking.

To save bandwidth, we will only use audio (no video) but the slides will be shared by the speaker.

You have the possibility to *`raise hand`* to request speak.
