

Polarisation measurements in ee, ep, pp and heavy-ion collisions

mercredi 16 décembre 2020

Quarkonium production and polarisation in hadronic collisions: 3 (10:00 - 12:00)

-Présidents de session: Sergey Barsuk

time	[id] title	presenter
10:00	[1] Theory summary: quarkonium polarisation	SHAO, Hua-Sheng
10:25	[2] Fitting quarkonium production in NRQCD and LHCb prospects	ANDRII, Usachov
10:45	[4] Measurement of Jpsi polarisation in nucleus-nucleus collisions	MICHELETTI , Luca
11:05	[3] Polarisation of heavy-quarkonium in nucleus-nucleus collisions: discussion round	LANSBERG, Jean-Philippe WINN, Michael ENRICO, Scomparin
