

Polarisation measurements in ee, ep, pp and heavy-ion collisions

mercredi 16 décembre 2020

Polarisation in hadron decays from ee to pp collisions (Formalism and applications): 3 (14:00 - 16:00)

-Présidents de session: Patrick Robbe

time	[id] title	presenter
14:00	[14] Heavy-meson decays: experiment and phenomenology	ANTON, Poluektov
14:25	[15] Heavy baryon decays: experiment	NIEL, Elisabeth
14:45	[16] Heavy-baryon decays: Phenomenology	MIKHASENKO , Mikhail
15:05	[22] Discussion on amplitude analysis	KOU ET AL, Emi
