

P2IO BSM-Nu first workshop

vendredi 12 février 2021

New Developments in Neutrino Bolometric Experiments (chair: C.Nones, IRFU) (09:00 - 10:30)

time	[id] title	presenter
09:00	[8] Experimental review of new ideas and their applications: double beta decay	BENATO, Giovanni
09:30	[9] Experimental review of new ideas and their applications: CE ν NS and dark matter	WAGNER, Victoria WAGNER, Victoria
10:00	[10] Bolometric advanced technologies for background mitigation	PIRRO, Stefano
