

Overview of the LCG-France tier-1 and analysis facility at CC-IN2P3

vendredi 23 octobre 2009 10:45 (25 minutes)

<i>This talk will present the tier-1 and analysis facility at CC-IN2P3 for the 4 LHC experiments, with special focus on CMS. Subjects such as budget, pledges, human resources and the computing infrastructure (batch farm, storage, connectivity) will be briefly addressed.</i>

Orateur: HERNANDEZ, Fabio (CC-IN2P3)
