

# Ateliers action Dark Energy 2021

## vendredi 25 juin 2021

### Neutrinos et LSS (14:00 - 18:20)

time	[id] title	presenter
14:00	[14] Potential role of non-standard neutrino physics on structure formation	Prof. LESGOURGUES, Julien
14:30	[13] discussion	
15:00	[12] The cosmological imprint of massive neutrinos in dark matter simulations	BEL, Julien
15:30	[15] discussion	
16:00	pause	
16:20	[25] Constraining neutrino mass using three-point mean relative velocity statistics	KURUVILLA, Joseph
16:50	[26] Constraining the total neutrino mass with the power spectrum	GOUYOU BEAUCHAMPS, Sylvain
17:20	[16] discussion
