Perspective for demonstrator(s) beyond MLR2

Session

16:00 – 16:10 Technology parameters and options

Orateur

Jerome Baudot

16:20 – 16:30 Approach to resolution: parameters and options

Orateur

auguste besson

16:40 – 16:50 Approach to power consumption: parameters and options

Orateur

Andrei Dorokhov

17:00 – 17:10 Approach to ultimate timing: parameters and options

Orateur

Frédéric Morel

17:20 – 17:30 Approach to higher radiation tolerance: parameters and options

Orateur

Marlon Barbero

17:40 – 18:10 Discussion: demonstrator scenarios

Orateur

Didier Contardo
