

# Welcome to the kick-off meeting of IRN:QFS !

Zoom@Tours, June 7-9, 2021

May 21-23, 2020

Oct 26-28, 2020

Aug 31-Sep 4, 2020

June 7-9, 2021 !

# Big thanks to

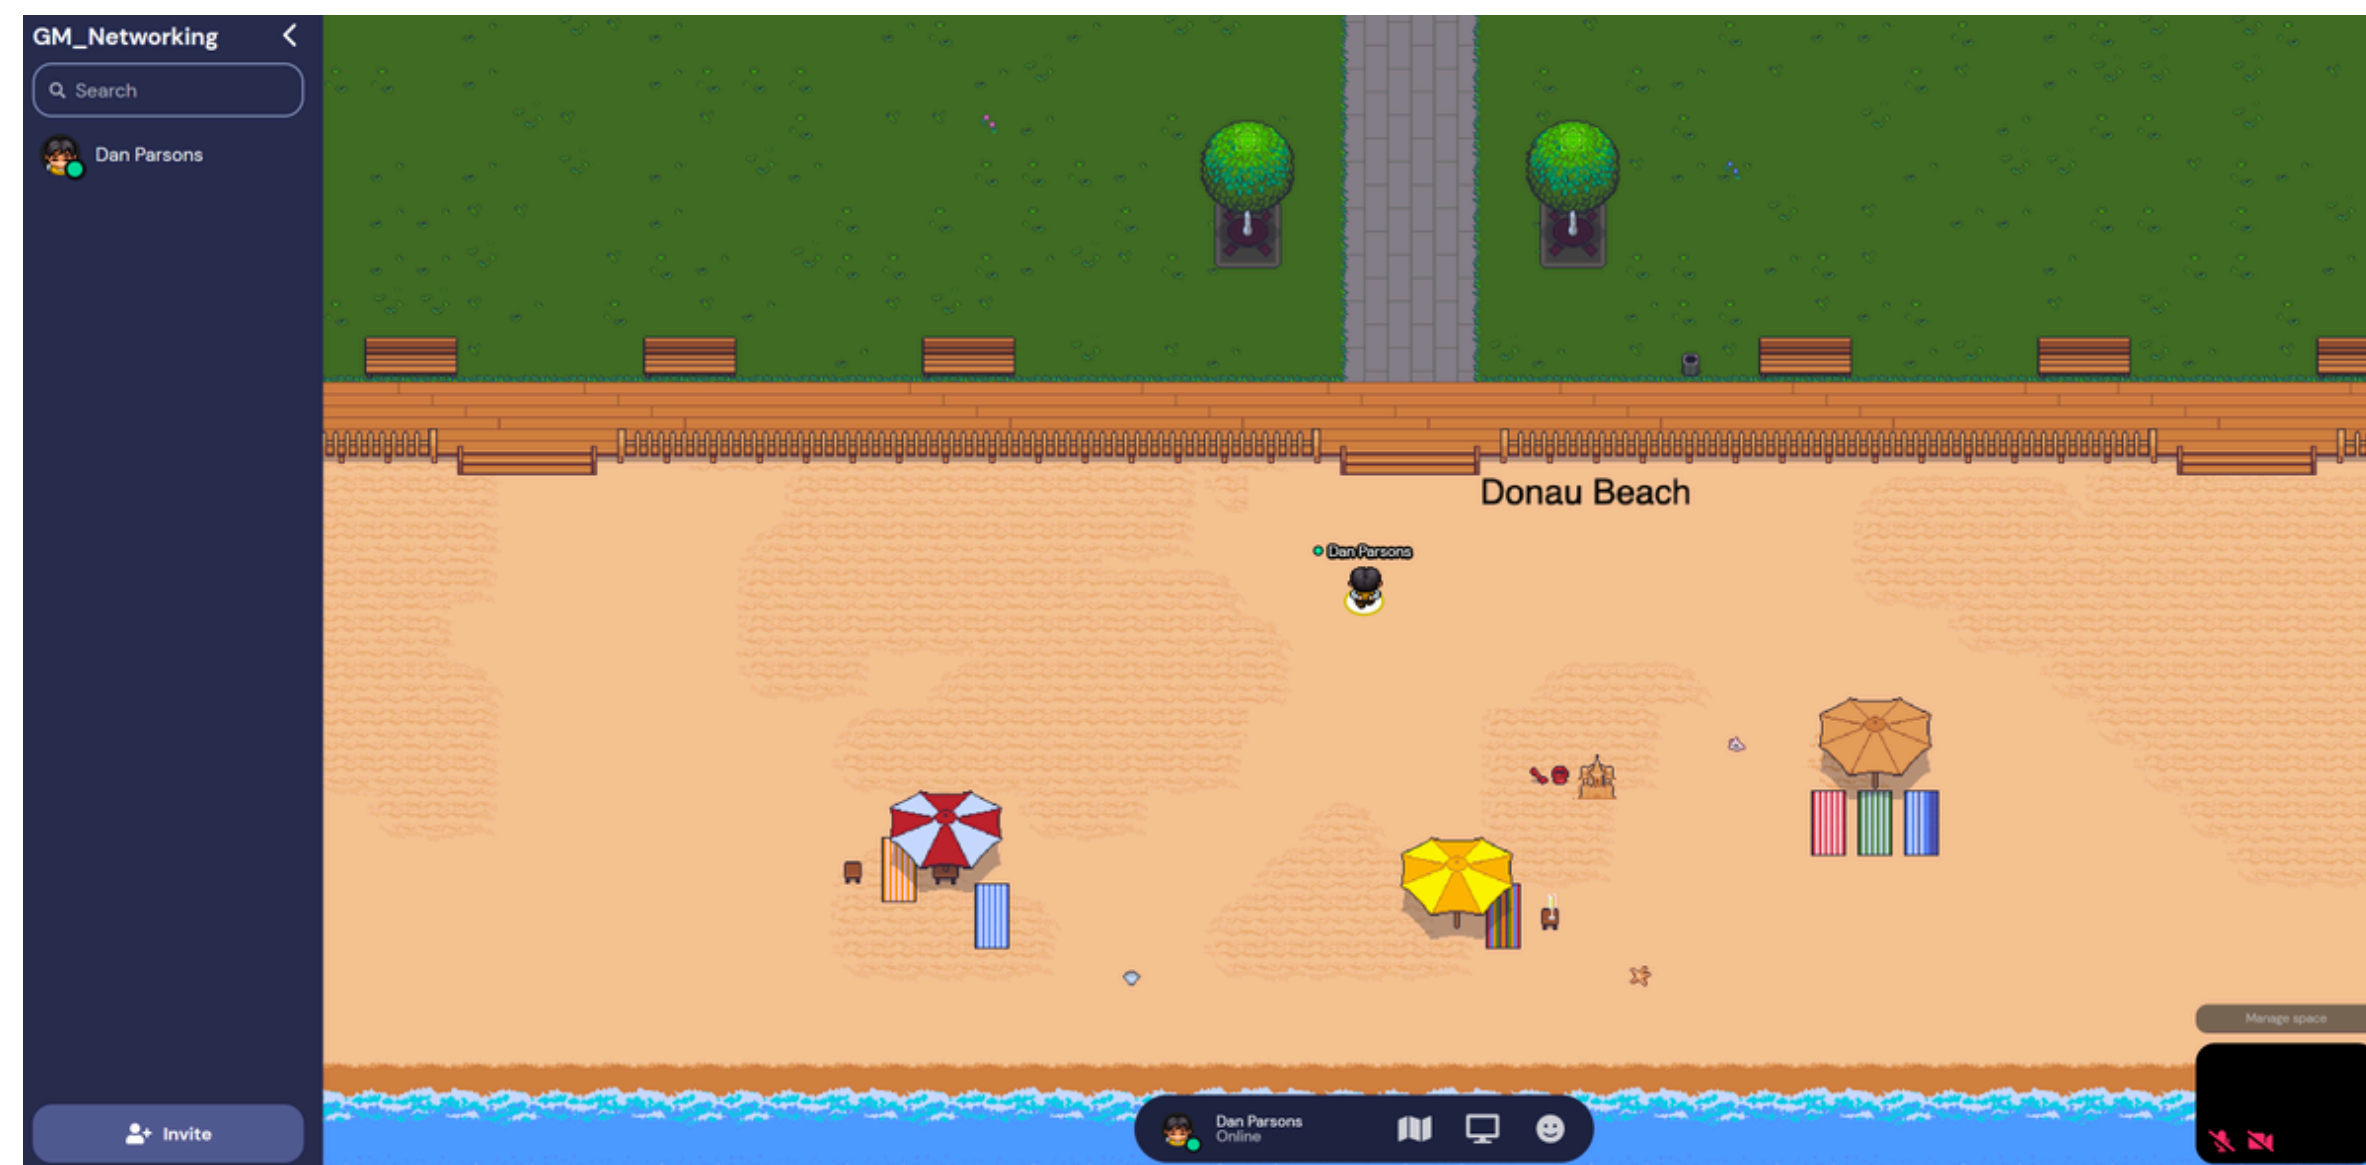

- Xavier, Oleg, Stam, Sergey, Michael
- Andrea, Benjamin, Henning, Ruben

# Schedule

- 9h30 - 10h30 : Review Talk (50'+10' questions)
- 10h30 - 10h55: A Stroll at the Beach
- 11h00 - 13h: Short Talks by Postdocs (15'+3' questions)

# Gather Town

- Meet your colleagues on [https://gather.town/\[redacted\]](https://gather.town/[redacted])
- 24h/24 till Friday 6pm, free of charge
- Coffee breaks and after last morning talk especially

- International Research Network on Quantum Fields and Strings
- Approved by CNRS on Jan 1, 2020. 15kE/y for 5 years
- 13/France, 54/Europe, 22/Americas, 12/Asia  $\rightarrow$  150 E/y/node
- 8 official CNRS partners have pledged O(5kE)/y  $\rightarrow$  0 kE till now
- Visit [qfs.cnrs.fr](http://qfs.cnrs.fr) for more info and lots of pointers
- Help for graphic design welcome

# Eurostrings 2022

April 25-29, 2022, ENS Lyon

## Eurostrings 2022, Lyon

25-29 avril 2022  
Ecole Normale Supérieure de Lyon  
Fuseau horaire Europe/Paris

Accueil

Liste des participants

The Eurostrings 2022 conference will take place at Ecole Normale Supérieure in Lyon, from April 25 to April 29, 2022. It is part of a cycle of yearly conferences gathering researchers from all over Europe and elsewhere, working in the areas of quantum field theory, string theory, quantum gravity and related topics. The last in-person conferences in this cycle took place in [2018](#) in London, in [2017](#) in Milano and [2015](#) in Cambridge. After a long interruption due to the pandemic, we hope that this conference will be an opportunity for catching up through in-person discussions and fostering new collaborations.

More details will be posted soon.
