Activities of the Physical Society of Japan (JPS) for the Promotion of Gender Equalit

Gender Equality Promotion Committee of the Physical Society of Japan (JPS) has been established after the IUPAP International Conference on Women in Physics held at Paris in 2002 to realize the resolution of the conference. The committee aims at (1) Discussing the significance of gender equality promotion and taking actions for the achievement, (2) Developing the next generation human resources in science including female scientists, (3) Surveys and improvement of the environment for men and women in science. The committee also takes part in a number of international collaboration activities such as IUPAP International Conference on Women in Physics. In the ASEPS conference we present recent activities of JPS Gender Equality Promotion Committee.
