Annual meeting, 15-17 November, LPNHE (with zoom connection)

GDR-InF Lectures: tracking detectors and algorithms, 22nd-26th Nov, online

- Only virtual events up to now.
- ***Annual meeting foreseen in presence (with zoom connection) at LPNHE Paris***
- Good opportunity to meet again in person, especially ***important for newcomers***
- Current sanitary rules will be respected (***pass sanitaire***)
- Planning to reserve enough ***time for socializing*** (coffee breaks, lunches, possibly dinners)
- ***Consider to join in person and invite members of the GDR-InF in your laboratories to do the same.***
- Important: ***reservation closes end of September***, to help organization.
- If chances to participate are not zero, ***reserve the hotel via rydoo*** (it can be canceled with no penalty)
- ***Receipts for expenses refund are due by the week after the workshop at latest***, otherwise not refund possible
- This year budget will be used for this event (train, hotels, social events)

Hope to see you all at the annual meeting!

- It was a very enriching experience to coordinate the GDR-InF during these five years.
- We learned how much our community is active and lively, and with potential to even improve.
- Students and postdocs have participated in an enthusiastic way. We should keep supporting them.
- Thanks to the conseil the groupement for the trust and support over these years.

Aoife and Francesco
