

Assemblée Générale du GDR QCD

mardi 24 mai 2022

Session 2 (09:00 - 10:20)

-Présidents de session: Francesco Bossu

| time | [id] title | presenter |
|-------|---|--------------------------|
| 09:00 | [12] On the role of the initial stage concerning the dynamics of heavy-ion collisions using EPOS and PHSD | MAHBOBEH, Jafarpour |
| 09:20 | [14] A glimpse on the partonic structure of light nuclei through Deeply Virtual Compton Scattering | FUCINI, Sara |
| 09:40 | [15] Accessing GPDs through the exclusive photoproduction of a gamma meson pair with large invariant mass | NABEEBACCUS, Saad |
| 10:00 | [16] Recoil proton polarization in DVCS as a probe for CFF E | BESSIDSKAIA BYLUND, Olga |
