

ShAO observations T-Tauri and methods for the photometry

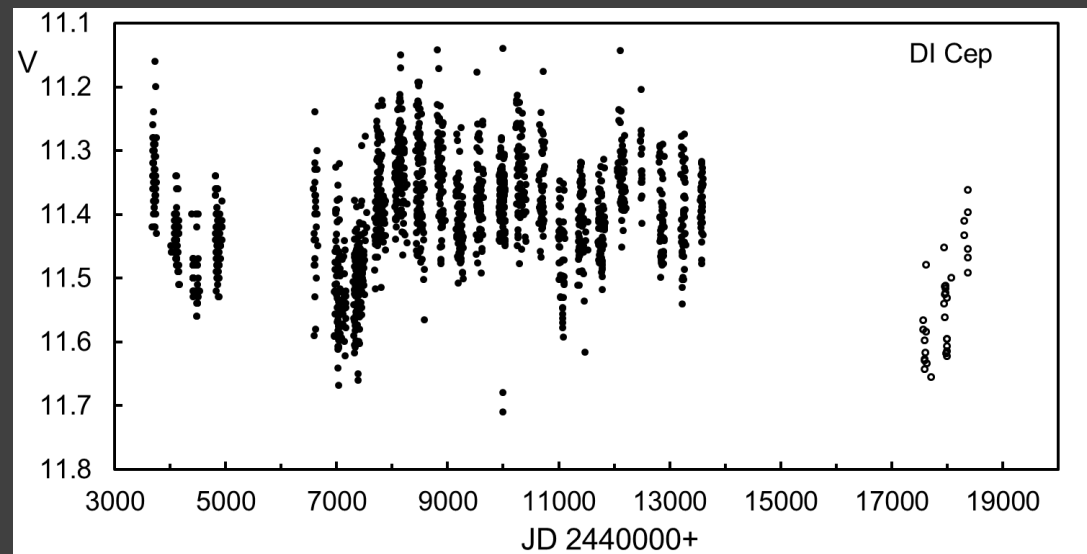

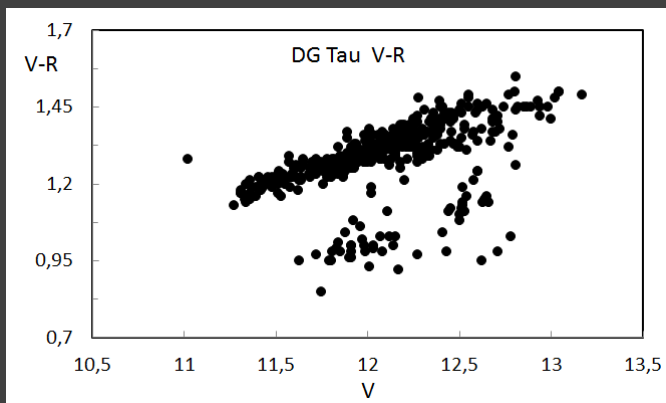

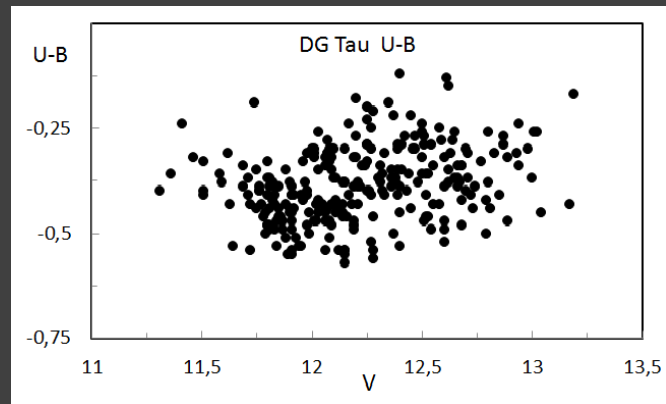

Zumrud Vidadi
PhD student, scientific researcher at ShAO
4th GRANDMA meeting, 2022

- Methods for the photometry
 - Observational data and results
 - Photometry of the light curve
 - Fourier analysis - Power spectrum
 - Analysis of the spectral energy distribution curve
- Methods for the spectrometry (briefly)

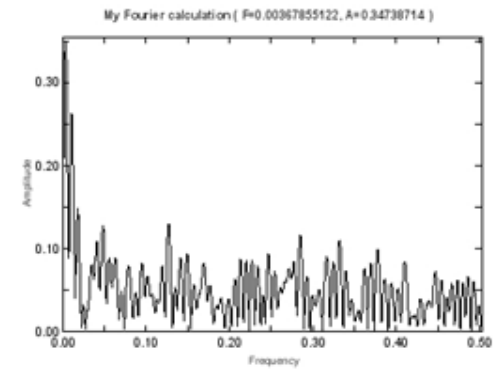

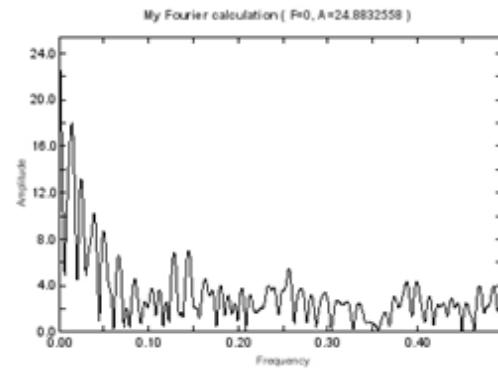

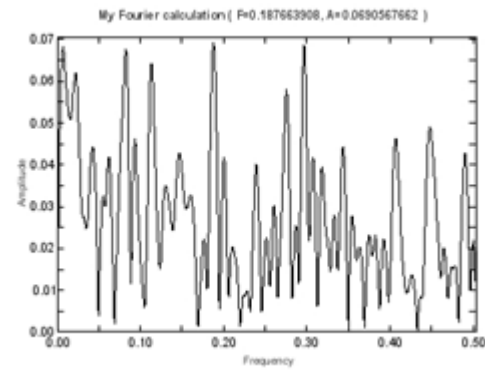

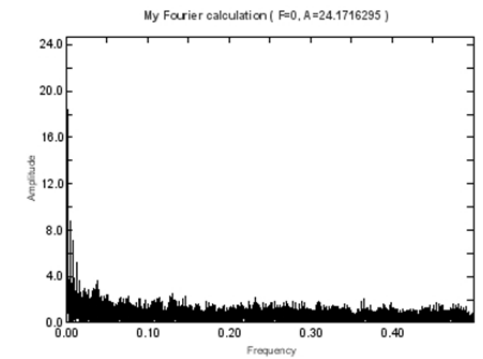

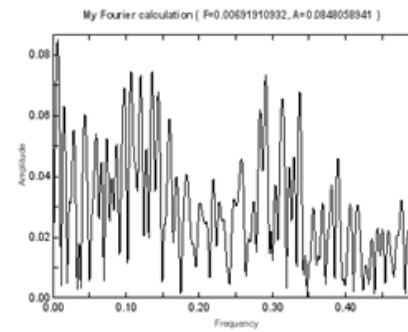

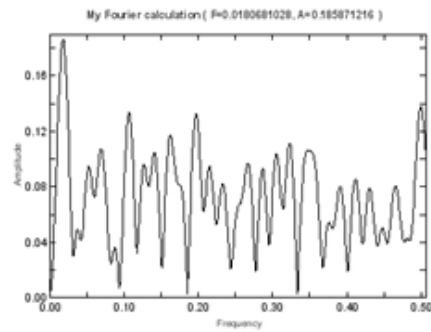

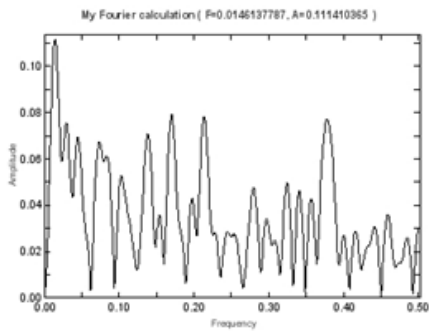

Methods for the photometry: Observational data and results

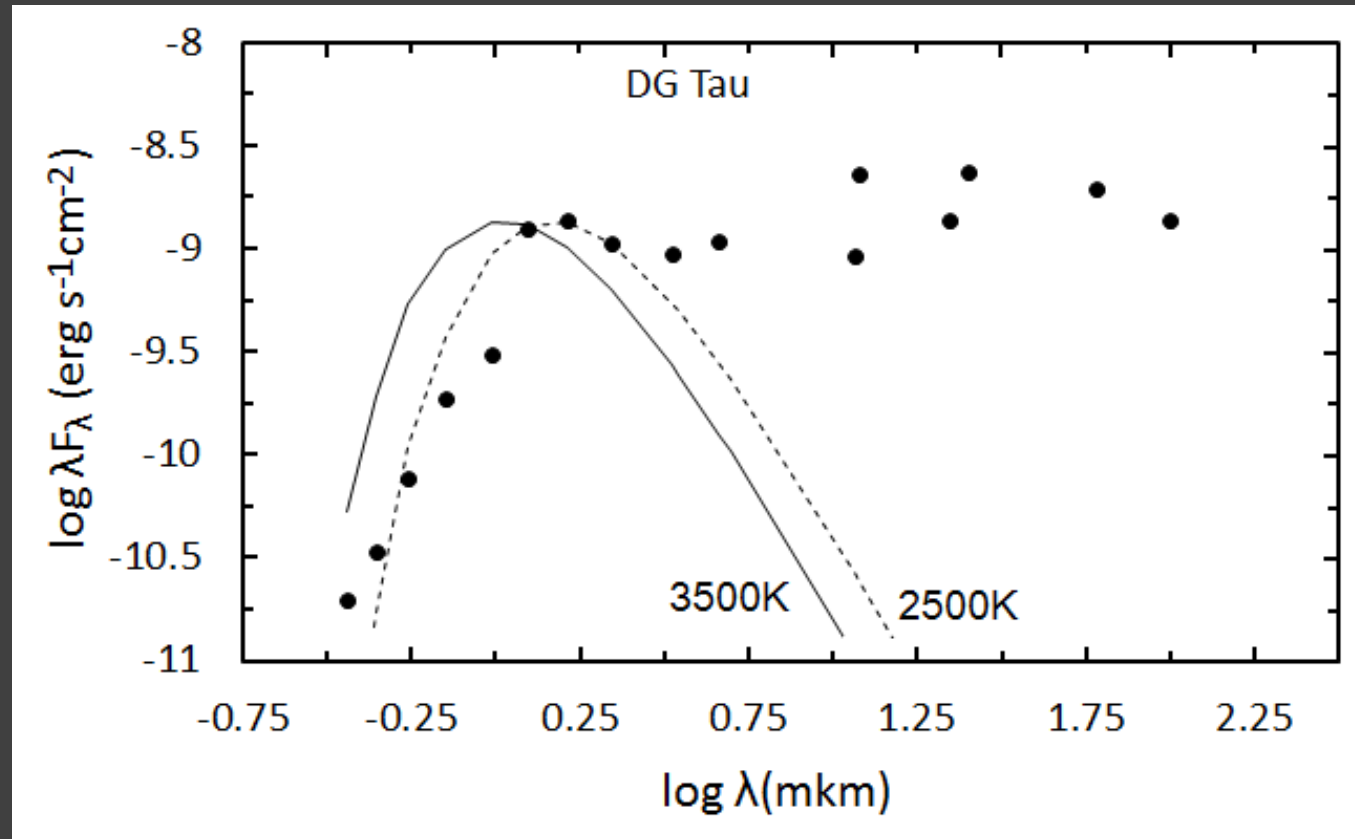

Photometry of the light curve

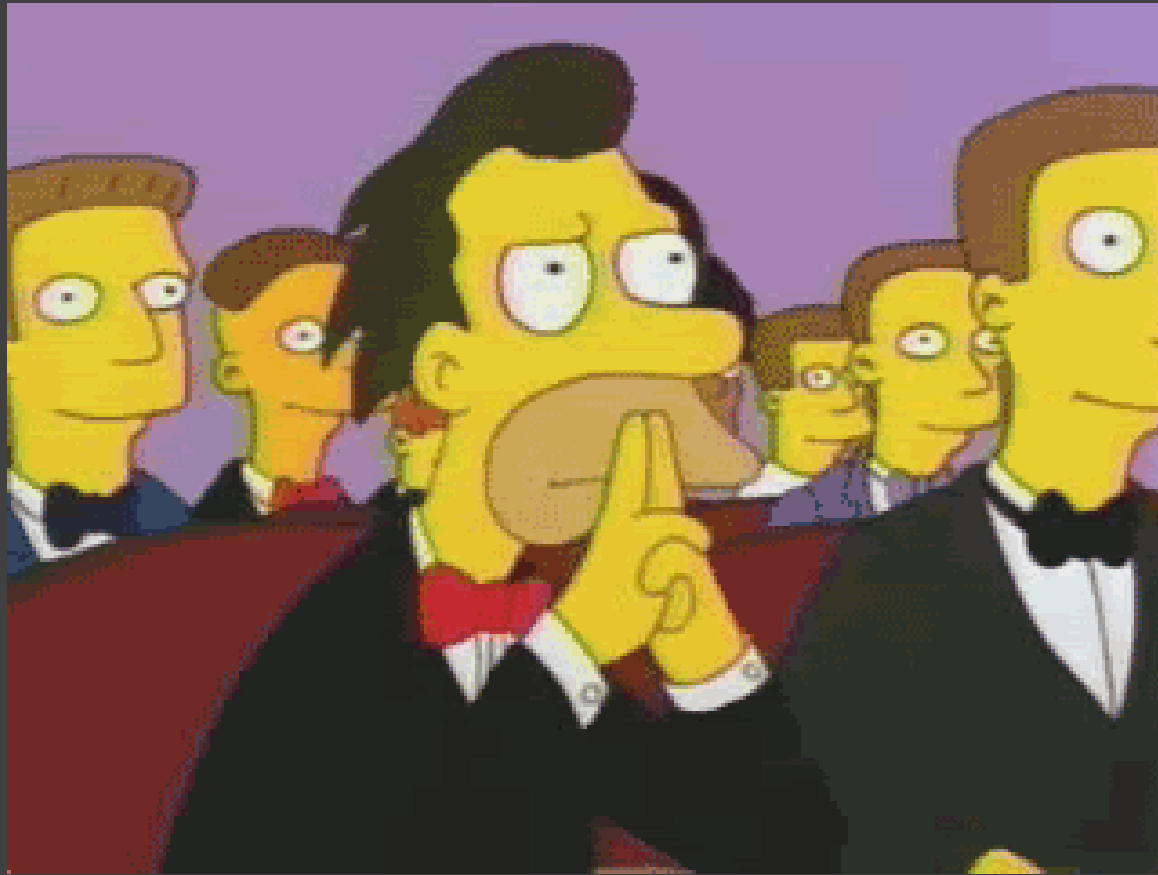

Fourier analysis - Power spectrum

Analysis of the spectral energy distribution curve

Methods of the spectrometry

Thanks for your attention!
