

Discussion – Feedback from FAs of GRB

Two main documents - GRB Campaign guide and Cookbook for FAs. Shifter training included:

- 1 – slack & owncloud interfaces, files path
- 2 – knowledge of telescopes & teams (tables in documents)
- 3 – knowledge of GCN archives, database search & data extraction, familiarity with HEA satellites
- 4 – general and GRB logbooks in owncloud
- 5 – controlling/naming of the images/data
- 6 – controlling photometry results
- 7 – writing GCN

Discussion – Feedback from FAs of GRB

Around 50 people participated during shifts, 6 hours windows, exchanging duties and helping each other, more shifters per shift compared to O3.
