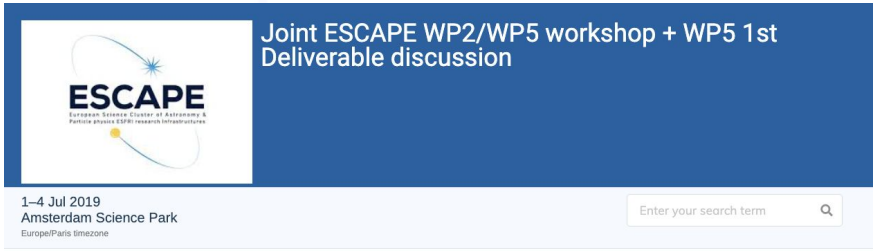
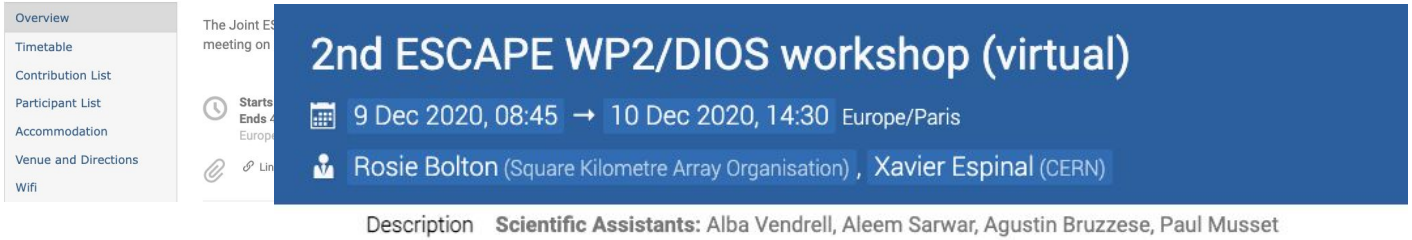
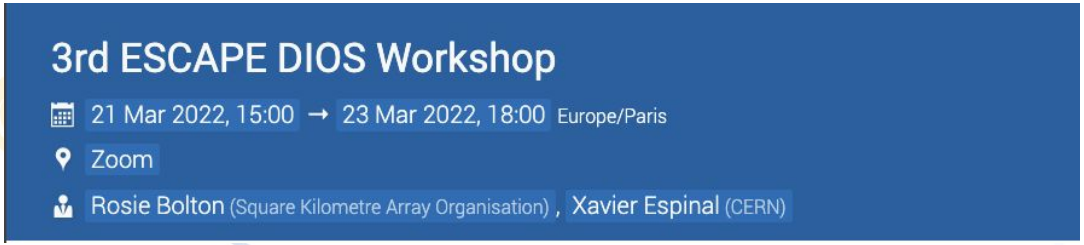
Welcome!







Funded by the European Union's Horizon 2020 - Grant N° 824064

Thanks!

- Scientific assistance team: *Alba, Aleem, Agustin, Elena, Debra*
- Conveners: *Fabio, Mieke and Nadine*
- **Speakers**
- …and to **all of you** to make this workshop a lively event

Live notes! Expect help from all of you to better capture the sessions:

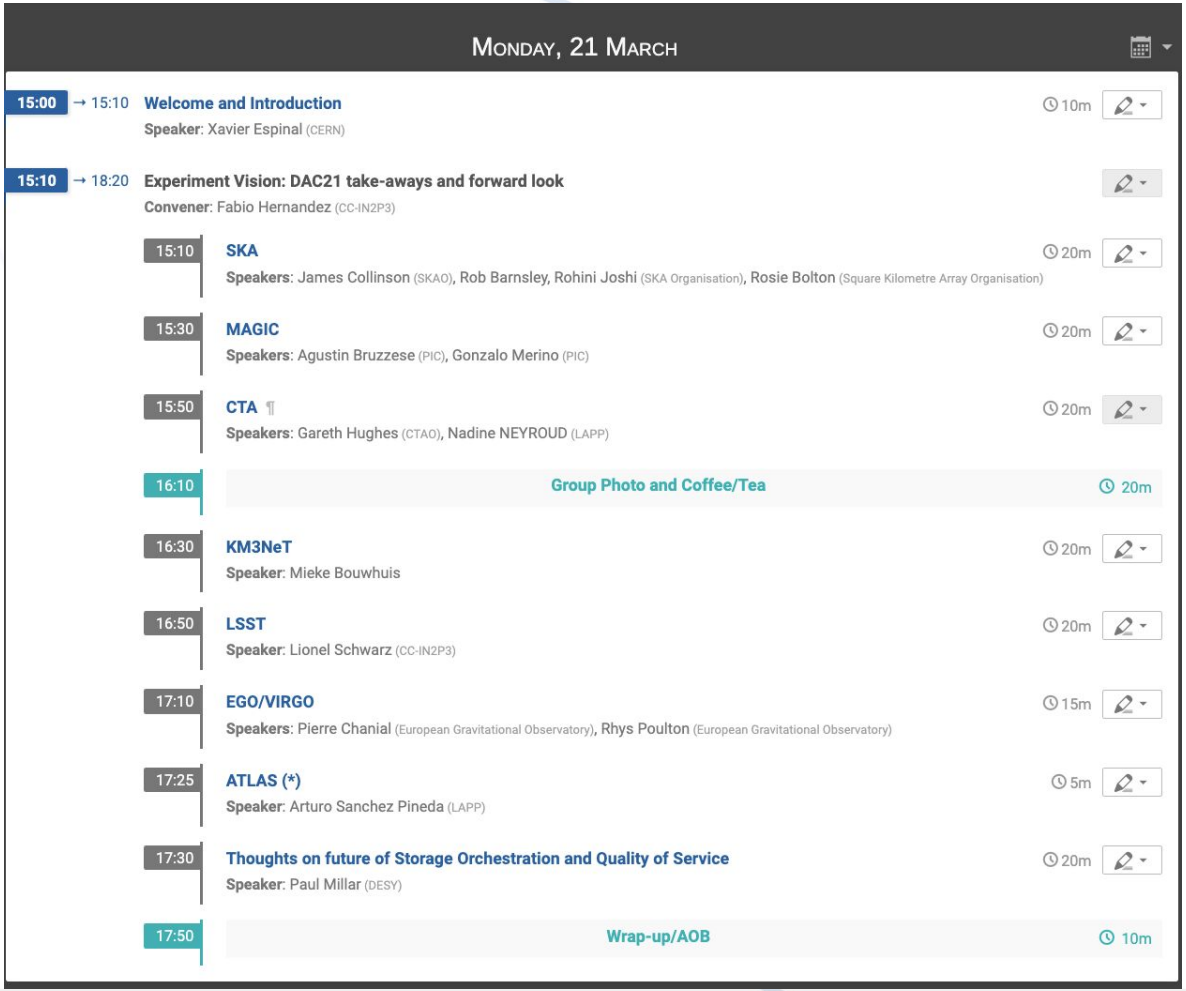
Funded by the European Union's Horizon 2020 - Grant N° 824064

Meeting *etiquette*

- **Raise** your hands if you have questions
- **Mute** your microphone when not speaking
- **Turn-on** (if possible) your camera while speaking
- Feel welcome to write questions in the chat (Rocketchat or zoom)
- Speakers:
  - Ensure your technology works correctly
  - Use *technology* to engage remote participants
  - Frame the camera correctly

- The workshop will be **recorded**, videos will be made available shortly after (thanks Debra!)
- In case of Zoom Raiding: the session will be terminated immediately. A new zoom room link will be distributed through e-dios mailing list

Funded by the European Union's Horizon 2020 - Grant N° 824064



Monday, 21 March

15:00 → 15:10 **Welcome and Introduction** — 10m
Speaker: Xavier Espinal (CERN)

15:10 → 18:20 **Experiment Vision: DAC21 take-aways and forward look**
Convener: Fabio Hernandez (CC-IN2P3)

- 15:10 **SKA** — 20m
  Speakers: James Collinson (SKAO), Rob Barnsley, Rohini Joshi (SKA Organisation), Rosie Bolton (Square Kilometre Array Organisation)
- 15:30 **MAGIC** — 20m
  Speakers: Agustin Bruzzese (PIC), Gonzalo Merino (PIC)
- 15:50 **CTA** ¶ — 20m
  Speakers: Gareth Hughes (CTAO), Nadine NEYROUD (LAPP)
- 16:10 **Group Photo and Coffee/Tea** — 20m
- 16:30 **KM3NeT** — 20m
  Speaker: Mieke Bouwhuis
- 16:50 **LSST** — 20m
  Speaker: Lionel Schwarz (CC-IN2P3)
- 17:10 **EGO/VIRGO** — 15m
  Speakers: Pierre Chanial (European Gravitational Observatory), Rhys Poulton (European Gravitational Observatory)
- 17:25 **ATLAS (*)** — 5m
  Speaker: Arturo Sanchez Pineda (LAPP)
- 17:30 **Thoughts on future of Storage Orchestration and Quality of Service** — 20m
  Speaker: Paul Millar (DESY)
- 17:50 **Wrap-up/AOB** — 10m

Funded by the European Union's Horizon 2020 - Grant N° 824064

Tuesday, 22 March

15:00 → 16:20 **Experiment Vision: DAC21 take-aways and forward look**

Convener: Mieke Bouwhuis

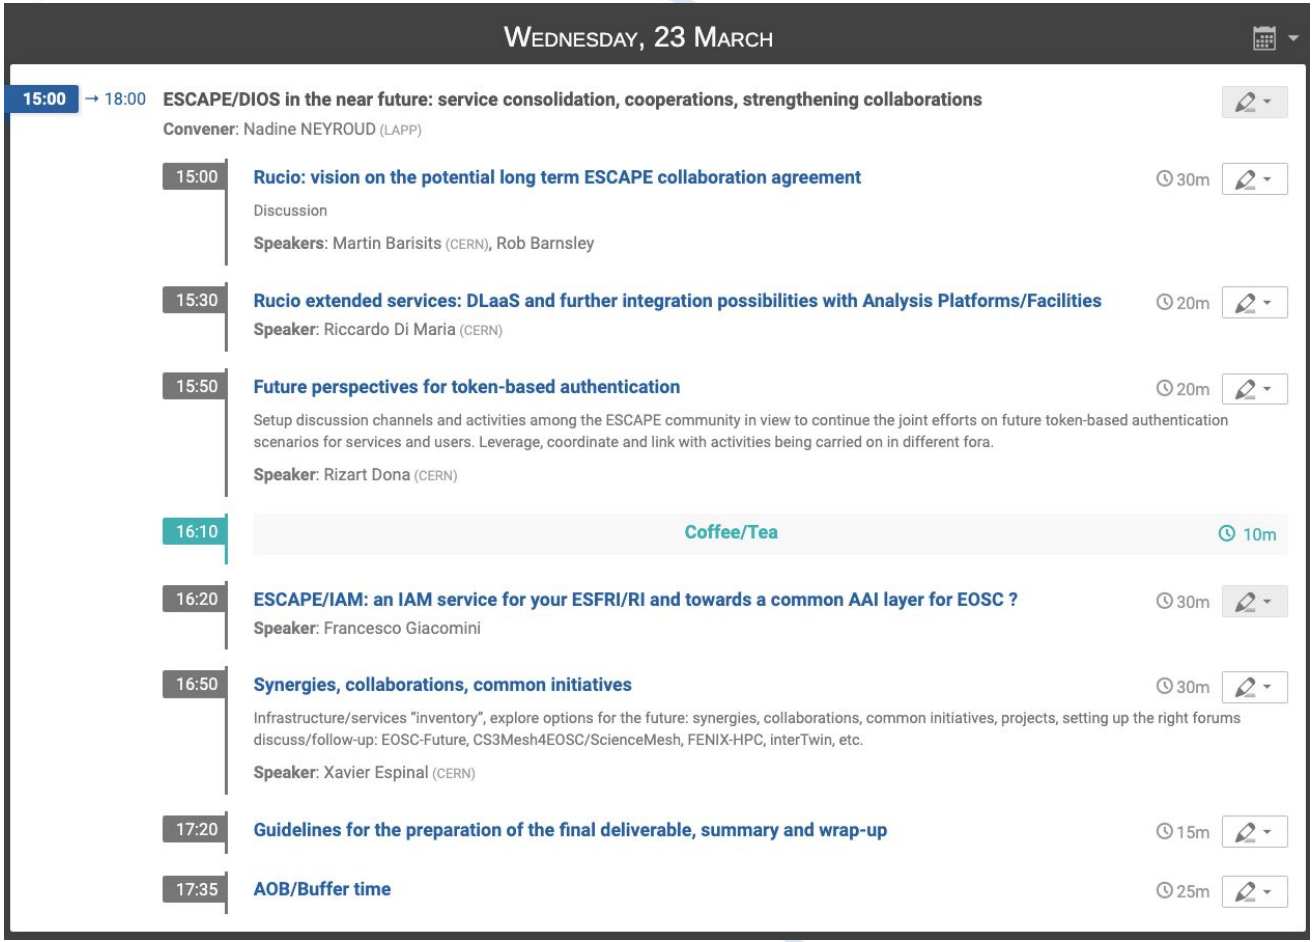
- 15:00 **LOFAR** — 20m
  Speakers: Vishambhar Nath Pandey (ASTRON), Yan Grange (ASTRON, the Netherlands Institute for Radio Astronomy)
- 15:20 **CMS** — 20m
  Speaker: Diego Ciangottini (INFN, Perugia)
- 15:40 **FAIR: R3B, CBM, PANDA** — 20m
  Speakers: Maisam M. Dadkan (University of Groningen), Paul-Niklas Kramp (GSI Darmstadt)
- 16:00 **Coffee/tea** — 20m

16:20 → 18:00 **Discussion on ESCAPE technologies**

Convener: Mieke Bouwhuis

- 16:20 **Lessons learnt on satellite Rucio developments and FTS** — 25m
  Speakers: Agustin Bruzzese (PIC), Rohini Joshi (SKA Organisation)
- 16:45 **Why use FTS?** — 20m
  Speakers: Mihai Patrascoiu, Steve Murray (CERN)
- 17:05 **A Global Information System: what we used CRIC for and what else it can provide** — 20m
  Speaker: Panos Paparrigopoulos
- 17:25 **Wrap-up/AOB** — 15m

Funded by the European Union's Horizon 2020 - Grant N° 824064



Wednesday, 23 March

15:00 → 18:00 **ESCAPE/DIOS in the near future: service consolidation, cooperations, strengthening collaborations**

Convener: Nadine NEYROUD (LAPP)

15:00 **Rucio: vision on the potential long term ESCAPE collaboration agreement** 30m

Discussion

Speakers: Martin Barisits (CERN), Rob Barnsley

15:30 **Rucio extended services: DLaaS and further integration possibilities with Analysis Platforms/Facilities** 20m

Speaker: Riccardo Di Maria (CERN)

15:50 **Future perspectives for token-based authentication** 20m

Setup discussion channels and activities among the ESCAPE community in view to continue the joint efforts on future token-based authentication scenarios for services and users. Leverage, coordinate and link with activities being carried on in different fora.

Speaker: Rizart Dona (CERN)

16:10 Coffee/Tea 10m

16:20 **ESCAPE/IAM: an IAM service for your ESFRI/RI and towards a common AAI layer for EOSC ?** 30m

Speaker: Francesco Giacomini

16:50 **Synergies, collaborations, common initiatives** 30m

Infrastructure/services "inventory", explore options for the future: synergies, collaborations, common initiatives, projects, setting up the right forums discuss/follow-up: EOSC-Future, CS3Mesh4EOSC/ScienceMesh, FENIX-HPC, interTwin, etc.

Speaker: Xavier Espinal (CERN)

17:20 **Guidelines for the preparation of the final deliverable, summary and wrap-up** 15m

17:35 **AOB/Buffer time** 25m

Funded by the European Union's Horizon 2020 - Grant N° 824064

WP2/DIOS Face to Face event in May/June?

Focused to consolidate future cooperation among the ESCAPE DIOS community

Interested in hosting a live event in your lab with all of us? “ the awesome” WP2 community”- Please tell us!

Funded by the European Union’s
Horizon 2020 - Grant N° 824064

Enjoy the workshop. Handing over to Fabio!
