

Workshop on Fission Fragment Angular Momenta

mardi 21 juin 2022

Microscopic Calculations (09:45 - 10:15)

time	[id] title	presenter
09:45	[17] Fission fragment intrinsic spins, their relative orbital angular momentum, and their correlations within a fully microscopic approach	BULGAC, Aurel

Microscopic Calculations (10:50 - 12:05)

time	[id] title	presenter
10:50	[18] How does the angular momentum of fission fragments depend on their mass? An insight from microscopic theory	MAREVIC, Petar
11:35	[30] Reorientation in newly formed fission fragments	BERSTCH, George
