

P2IO BSM-Nu second workshop

lundi 11 avril 2022

Combination of experiments and phenomenology - 100/-1-A900 - Auditorium Joliot Curie (15:30 - 17:30)

| time | [id] title | presenter |
|-------|---|-------------------------|
| 15:30 | [10] Why is the neutrino mass important? | VISSANI, Francesco |
| 16:05 | [9] Neutrino Mass Order Detecting by the Next Generation of Experiments and their Synergies | CABRERA, Anatael |
| 16:40 | [11] Precision oscillation physics with JUNO | NAVAS NICOLAS, Diana |
| 17:05 | [12] NSI in combination of long baseline experiments | CHATTERJEE, Sabya Sachi |
