

# Line-of-sight effects in gravitational lensing

## mercredi 8 juin 2022

### **Sub-haloes and interlopers: Talks - Salle des doctorants (10:00 - 12:00)**

time	[id] title	presenter
10:00	[8] Subhalos Overview	Prof. VEGETTI, Simona
10:40	[2] Detecting low mass haloes with lensed arcs: predictions	DESPALI, Giulia
11:20	[3] Constraining Dark Matter and Shear With Strong Gravitational Lensing	NIGHTINGALE, James

### **Sub-haloes and interlopers: Formal discussion - Salle des doctorants (15:00 - 16:30)**

**-Présidents de session: Giulia Despali**
