

From initial gluons to hydrodynamics: Gluons inside hadrons and their thermalization

ID de Contribution: 16

Type: Non spécifié

Weak-coupling scenarios of thermalization and its observation

mardi 25 octobre 2022 14:00 (25 minutes)

Orateur: SCHLICHTING, Sören

Classification de Session: Initial state information from soft particle production in hydrodynamics and transition from initial state to hydrodynamics: Preequilibrium physics and observables
