

Colloque national CMB-France #3

mardi 21 juin 2022

Session #3: CMB Foregrounds (09:30 - 12:40)

time	[id] title	presenter
09:30	[6] New model of Planck polarized dust maps using Cross Wavelet Scattering Transform	Dr ALLYS, Erwan
10:10	[1] High precision modeling of polarized signals	VACHER, Léo
10:50	Café	
11:20	[3] Statistical separation of dust and CIB with Wavelet Phase Harmonics (WPH)	AUCLAIR, Constant
12:00	[10] Polarized foregrounds	DELABROUILLE, Jacques
