Flavio Hands-On Session

jeudi 3 novembre 2022 16:30 (2 heures)

Please bring your laptop with charged battery and try to install flavio in advance (see flavio_installation.pdf). In case of issues during the installation, please send an email to peter.stangl@cern.ch or ask for help during the hands-on session.

The introductory Jupyter notebooks are available for download in the zip-file GDR-InF-2022.zip and in a GitHub repository.

Thanks to Binder, you can run the notebooks in your browser without needing to install anything. Just klick on launch notebooks in Binder.

Orateur: STANGL, Peter (CERN)

Classification de Session: GDR-InF Annual Workshop
