

Third announcement

The next GANIL Colloque will be held in the Landes, on the French Atlantic Coast, in Soustons. It is co-organized by Subatech and GANIL.

Sessions will start on Monday morning, September 25th, and end at lunch on Friday, September, 29th.

The purpose of the conference is to review and discuss the research carried out at GANIL, and related activities at other facilities around the world. Traditionally the Colloque covers the following topics:

- Nuclear Structure
- Nuclear Dynamics
- Nuclear Astrophysics
- Fundamental Interactions
- Related theoretical developments
- Instrumentation and Technical developments
- Interdisciplinary research
- Applications

The colloque will be held in the [village club du soleil de Soustons](#). The registration fee including accommodation, full board from September 24th (Sunday dinner) to September 29th (Friday lunch) and conference dinner are **850 € (VAT included) for single room and 675 € (VAT included) for each person for twin room**. ***Deadline of registration : July, 30th***

In order to preserve the informal character of the Colloque and to stimulate presentation of innovative ideas, no proceedings will be published. Sessions will take place in the morning and late afternoon. To favor informal exchanges in a relaxed atmosphere, early afternoons will be free of talks. As usual, we ask the interested persons to stay for the full 5 days of the workshop, in order to increase the interactions among participants.

Program

The program of the Colloque is available on-line :
