

# Saturation at the EIC

## jeudi 17 novembre 2022

### Session 2 - Salle des Conseils (14:00 - 18:25)

| time  | [id] title  | presenter                    |
|-------|---|------------------------------|
| 14:00 | [11] Improved TMD factorization at small $x$                                      | MARQUET, Cyrille             |
| 14:35 | [6] Gluon dipole factorization and saturation in diffractive dijet production     | TRANTAFYLLOPOULOS, Dionysios |
| 15:10 | [7] NLO computation of diffractive di-hadron production in a saturation framework | LI, Emilie                   |
| 15:45 | Coffee break  |                              |
| 16:15 | [9] Inclusive dijets at NLO   | TAELS, Pieter                |
| 16:50 | [8] DIS dijets at NLO   | CAUCAL, Paul                 |
| 17:25 | [15] Discussion time  |                              |
