

SMC meeting / IRN Terascale

April 24th 2023

Welcome to our new node: Frascati!

- Thanks to our new contact, Emanuele A. Bagnaschi

- We may possibly see that in person next year (see last slide :))

Administration

- CNRS letter:
 - To confirm the renewal of the IRN (that happened last year), a letter will eventually be sent to all participating labs / universities, asking for a confirmation
 - A template reply will be attached, but it is only a template - you can modify it in the way you want
- Budget:
 - More travel money requested for this workshop - about 65% of the budget will have been spent

Workshop organisation

- Discussion - any feedback on:
 - Joint GDR organisation (Nantes with Duphy last time and QCD + Tools this time)
 - the 'early' workshop preparation + indico abstract management

- Next workshops
 - Any specific topic / special organisation?
 - Open for fall 2023 : please volunteer!
 - 2024: discussion with Frascati (if fund request goes through) & IJCLab
