

Theory group meeting

François Arleo

5 December 2022

- Conferences
 - ▶ Today is deadline for submitting an abstract to [Hard Probes 2023](#)
- QCD Master Class 2023 (5th edition!)
 - ▶ Dates: 4-17 June 2023
 - ▶ Organized by Tanja, Isabelle, Merryl, Stéphane Munier and myself (many thanks to Stéphane Peigné for the first 4 editions!)
 - ▶ 35 international participants targeted (including Subatech students)
 - ▶ 5 lectures: SCET, QCD scattering amplitudes, QCD at small- x , hot/dense QCD, Confinement
 - ▶ Official announcement mid January 2023

New accreditation Master RPA

Modèle standard	73,5
Marcus BLUHM	
Thierry GOUSSET	
Marlène NAHRGANG	
Gines MARTINEZ	
Gines MARTINEZ	
Détection et analyse de données	62

Muriel FALLOT	
Magali ESTIENNE	
BATIGNE Guillaume	
Théorie classique et quantique des champs	59
GOSSIAUX Pol Bernard	
CAUCAL Paul	
PROJET experimental +1hetu	30
Frédéric YERMIA	
Richard DALLIER	
Guillaume BATIGNE	
Laurent APHECETCHE	
Maxime GUILBAUD	
PROJET simulation theorique	10
?	

- Who plans (or would like) to teach
- What is the view of the group on the content of the Master
- How to train good students to theoretical physics

- Khalil asks about our needs for disk storage
 - ▶ Plans for the next 2 years
 - ▶ Please clean `/scratch/theoric` and `/scratch/theoric2`
- Still miss a lot of information asked by Ana Teixeira
 - ▶ Financements : Master Projets, ANR, PICS
 - ▶ Collaborations (autres labos FR, et aussi internationales - FNAL, FRIB, ECT*, INFN,...)
- Be aware about possible black-outs this winter
 - ▶ Be prepared for this
- Assemblée Générale this Friday 9 December
 - ▶ Please attend it!
 - ▶ Any urgent question you'd like to see addressed

Any other business
