

XeSAT2023 - International Workshop on Applications of Noble Gas Xenon to Science and Technology

jeudi 8 juin 2023

0vbb - session 2, Chair Yajing Xing - Amphi KASTLER (11:30 - 13:00)

time	[id] title	presenter
11:30	[10] Development of a high pressure single-anode radial TPC for the search of $2\beta 0\nu$ decays	LAUTRIDOU, Pascal
12:00	[4] Recent results from KamLAND-Zen, a neutrinoless double-beta decay search experiment using ^{136}Xe	HACHIYA, Takahiko
12:30	[7] Missing data reconstruction using Machine Learning techniques in the gaseous TPC PandaX-III experiment	LOBASENKO, Andrii
