

Session Program

10–14 juil. 2023

International Conference on Chirality and Wobbling in Atomic Nuclei

Session

mar. 11 juillet

14:00

Session: 5

Session | Site: | Convener: Elena Lawrie

14:00 – 14:30 **Nuclear low-lying spectrum and shape coexistence****Orateur**

Zhipan Li

14:30 – 15:00 **Experimental studies on the nuclear chirality in SDU****Orateur**

Chen Liu

15:00 – 15:30 **Theoretical studies on the chirality and wobbling in SDU****Orateur**

Bin Qi

15:30

16:00

Session: 6

Session | Site: | Convener: Xiao-Tao He

16:00 – 16:30 **Microscopic investigation of γ -deformation in atomic nuclei****Orateur**

Javid Sheikh

16:30 – 17:00 **Reflection asymmetry and triaxiality in even-even atomic nuclei****Orateur**

Nikolay Minkov

17:00 – 17:30

Nature of Triaxiality Seen via Exotic Geometrical Symmetries and New Concepts of Nuclear Shells**Orateur**

Jerzy Dudek

17:30
