

# École normale supérieure Summer Institute 2023

## lundi 10 juillet 2023

### Cosmology and phenomenology - Conf IV, 2nd floor (11:00 - 12:00)

time	[id] title	presenter
11:00	[1] Cosmology with gravitational waves: latest results and prospects	STEER, Danièle

### Cosmology and phenomenology - Conf IV, 2nd floor (14:00 - 15:00)

time	[id] title	presenter
14:00	[2] Gravitational waves from cosmological phase transitions	KONSTANTIN, Thomas

### Cosmology and phenomenology - Conf IV, 2nd floor (15:30 - 16:30)

time	[id] title	presenter
15:30	[3] Selected highlights in axion cosmology	SERVANT, Geraldine

# mardi 11 juillet 2023

## Cosmology and phenomenology - Conf IV, 2nd floor (11:00 - 12:00)

time	[id] title	presenter
11:00	[5] Primordial Black Holes	KUHNEL, Florian

## Cosmology and phenomenology - Conf IV, 2nd floor (14:00 - 15:00)

time	[id] title	presenter
14:00	[4] Primordial black holes: formation scenarios, astrophysical effects, and the ongoing search	KUSENKO, Alexander
