Giulio Dujany, Diego Guadagnoli

Conveners meeting
21 March 2023

New convener

Klemens Lautenbach accepted to take over from Laura Zani as co-convener of Interplay of quark and lepton flavour WG

Thank you!

Supported workshops

- International Workshop on the Origin of Matter-Antimatter Asymmetry, École de Physique des Houches, 12-17 February 2023
- School on lattice QCD and its phenomenological applications, Centre Paul Langevin, Aussois, 2-8 July 2023

Topical GDR-InF workshops

- Axions++: Axions and other light particles, Annecy, 25-28 September 2023

GDR-InF lectures

- Pre-FPCP School, IP2I Lyon, 26-27 May 2023
- Lectures on common analysis techniques in flavour physics, Strasbourg 8-10 November 2023

2023 possible activities

- Workshop on future pixel-tracker projects (Benjamin, Dorothea)
- Workshop on $B \rightarrow 2$ mesonic final states for semileptonic decays (Aoife)
- Workshop about non perturbative aspects, maybe in synergy with the GDR-QCD (Elisabeth)

Annual meeting

- We should decide where and when
- One possibility is at Mont Sainte Odile near Strasbourg 6-8 Novembre
