

57th Rencontres de Moriond - EW+U 2023

lundi 20 mars 2023

Monday Morning: Flavour physics (08:20 - 12:00)

-Présidents de session: Tonelli Diego

time	[id] title	presenter
08:30	[16] b to sll and lepton flavour universality at LHCb	LANGENBRUCH, Christoph
08:50	[17] B decay anomalies in a Pati-Salam theory of flavour	FERNANDEZ NAVARRO, Mario
09:10	[18] Lepton flavour universality tests at LHCb	MATHAD, Abhijit
09:30	[19] LFV and/or rare beauty and charm decays at LHCb	ABUDINEN, Fernando Jesus
09:50	[21] CP tests for high-pT multileptons	BAR-SHALOM, Shaouly
10:10	[22] CKM and CPV in beauty and charm decays in LHCb	BETTI, Federico
11:00	[23] Time-dependent CP violation results at Belle II	VERONESI, Michele
11:20	[24] Novel lattice insights into heavy-light meson decays	TSANG, Tobias
11:40	[25] EWK penguins and radiative at Belle II	PRAZ, Cyrille
