

Strangeness in Quark Matter 2024 (SQM 2024)

dimanche 2 juin 2024 - vendredi 7 juin 2024

Université de Strasbourg / Palais de la Musique et des Congrès

Programme Scientifique

General guidelines for the correspondence between topic and tracks can be found [here](#)
The **duration** of a contributed talk is **17' for presentation** and **3' for questions/answers** (so a total of 20').

Light-flavours and Strangeness

Heavy-Flavours & Quarkonia

Resonances and Hyper-nuclei

Bulk matter phenomena, QCD phase diagram and Critical point

Collective effects in small systems

Detector upgrades and Future experiments

Strangeness in Astrophysics, Other topics
