
21st International Conference on Strangeness in Quark Matter
3-7 June 2024 Strasbourg France

SQM 2024 Students day Opening

Faculté de
Physique et
d'Ingénierie

Résidence
Universitaire
de la Somme

Collège Doctoral
Européen (CDE)

From TRAM lines **C E F**
 Stop at “Université”

then go on the other side of
 Planétarium to reach the
 entrance of the Faculté de
 Physique et Ingénierie

Entrance of the Faculté de
Physique et Ingénierie

Agenda of the day

4 lectures:

A brief introduction to experimental heavy-ion physics

by Prof. David Chinellato

Instrumentation in high energy physics with pixel detectors

by Prof. Auguste Besson

Bulk Physics

by Prof. Jean-Yves Ollitrault

Heavy quarks and quarkonia for the non experts

by Prof. Pol-Bernard Gossiaux

Agenda of the day

Time schedule:

- 08:45–09:15 Registration
- 09:15–09:20 **Presentation of the program (now if all is ok)**
- 09:20–10:40 Lecture 1
- 10:40–11:00 Coffee break
- 11:20–12:20 Lecture 2
- 12:30–14:30 Lunch break
- 14:30–15:50 Lecture 3
- 15:50–16:10 Coffee break
- 16:10–17:30 Lecture 4
