

# P2IO BSM-Nu third workshop

## jeudi 25 mai 2023

### Near detectors for long-baseline neutrino experiments (11:10 - 12:40)

-Présidents de session: samira Hassani; M. Buizza Avanzini

time	[id] title	presenter
11:10	[8] Resistive micromegas for the TPCs of near detectors	HASSANI, samira
11:40	[9] SuperFGD: an innovative scintillating target for near detectors	CHAKRANI, Jaafar CHAKRANI, Jaafar
12:10	[10] New tools for neutrino interactions: INCL and the role of de-excitation	ERSHOVA, Anna
