

International Workshop on Multi-messenger Tomography of the Earth

mardi 4 juillet 2023

Overview - neutrinos and geoscience - Amphitheater Pierre-Gilles de Gennes (14:30 - 15:50)

-Présidents de session: Véronique Van Elewyck

time	[id] title	presenter
14:30	[46] Earth for neutrinos, neutrinos for Earth	Prof. DIGHE, Amol
15:10	[54] Geosciences for neutrino physicists: a primer	Dr WASZEK, Lauren

Overview - neutrinos and geoscience - Amphitheater Pierre-Gilles de Gennes (16:20 - 17:50)

-Présidents de session: Véronique Van Elewyck

time	[id] title	presenter
16:20	[8] Structure and composition of the Earth	Prof. MCDONOUGH, Bill
17:00	[7] Current and future neutrino experiments with tomography potential	Prof. ROTT, Carsten
