

EMIRUM 2023

vendredi 15 décembre 2023

User's: Fundamental studies - Guest house (14:00 - 14:55)

-Présidents de session: Serge Bouffard

time	[id] title	presenter
14:00	[30] Radiation response in fluorite-related systems with dual spatial length-scales	BALDINOZZI, Gianguido
14:20	[31] Experimental study of microstructure evolution under irradiation of zirconium alloys. Towards a better understanding of irradiation induced growth	SOUKSAVAT, Amélie
14:35	[32] Two-band superconductivity in electron-irradiated CeCu ₂ Si ₂ and PrOs ₄ Sb ₁₂ studied by local magnetization measurements	CICHOREK, Tomasz
