## An overview of Philippe's contributions I

*lundi 24 juin 2024 09:50 (55 minutes)*

We will give an informal overview of Philippe's contributions, told from our own perspectives.

- Jean-Bernard Zuber : Philippe @ Saclay (and elsewhere), the early years
- Emmanuel Guitter : The Philippe60 integer sequence
- Jérémie Bouttier : Philippe and the joyful integrable combinatorics of 2D quantum gravity
