

# Journée LISA France

## lundi 20 novembre 2023

### Session 3: Session 3 - Salle de l'Espace (16:20 - 17:35)

time	[id] title	presenter
16:20	[6] Extreme mass-ratio inspirals to probe modified gravitational-wave propagation and LCDM	LAGHI, Danny
16:40	[7] Le SL-OGSE, instrument dédié à la mesure de la lumière parasite au niveau système	ROUBEAU-TISSOT, Amaël LINTZ, Michel
17:00	[5] An LOL2 demonstrator pipeline for LISA	LILLEY, Marc
17:20	[14] Astrophysical Uncertainties in the Gravitational-Wave Background from Stellar-Mass Compact Binary Coalescences	LEHOUCQ, Léonard
