

# Bureau des Théoriciens de Physique des Particules (BTP2)

## RPP 2024

Welcome words by Karim BENAKLI, Paris le 24 janvier 2024

K.B., Marco Cirelli, Michela Petrini, Pietro Slavich  
(LPTHE)

Brando Bellazzini, Stephane Lavignac  
(IPhT)

**Initiative Physique des Infinis**  
Alliance Sorbonne Université

# Bureau des Théoriciens de Physique des Particules (BTP2)

## RPP 2024 local organisers:

K.B., Marco Cirelli, Michela Petrini, Pietro Slavich (LPTHE)

Brando Bellazzini, Stephane Lavignac (IPhT)

Initiative Physique des Infinis  
Alliance Sorbonne Université

# RPP 2024

- RPP is not meant to be just about physics presentations, equations, numbers and curves; it's also about people.
- We're trying to bring together physicists working on all aspects of theoretical particle physics, from research at the highest and lowest energy frontiers, to research at intensity frontiers, or applications in astrophysics and cosmology. (Transverse to GdR, IRN, ...).
- We try to give young people the spotlight outside of their usual thematic meetings.
- We meet with the « représentants des tutelles ».
- We hope to help create lasting memories among the participants who will share these few days together.

# The RPP participation

# The RPP participation

# An Organizer of the « RPP 2024 »

Less than 60 participants  
(Waiting, waiting ...)

# An Organizer of the « RPP 2024 »

Less than 60 participants  
(Waiting, waiting ...)

Reach 70 participants  
(Yes!!! RPP will be!)

# An Organizer of the « RPP 2024 »

Less than 60 participants  
(Waiting, waiting ...)

Reach 70 participants  
(Yes!!! RPP will be!)

More than 100 participants  
(Reconsider funding, logistics, ...)

## Specificity of RPP 2024 organisation:

- 1- RPP after the COVID crisis: « to be or not to be? ». Number of participants.
- 2- Meetings with CNRS representatives.
- 3- Organised by two labs of IdF: LPTHE and IPhT
- 4- Broad range of the themes covered
- 5- Participation of young students/postdocs encouraged.

**Initiative Physique des Infinis**  
Alliance Sorbonne Université

## Two practical questions RPP 2024:

1 - RPP speakers: please upload your talk on indico

## 2- Thursday evening buffet:

**Location:** The central tower of the campus last floor

**Access:** To access the last floor where dinner is served, provide your name to the entrance guard, who checks against the list of those confirming a "yes" on indico for attendance.

**Food:** While standing to contemplate "les lumières de Paris la nuit," make your choice of (cold) buffet dishes.

# Thanks to:
