
Enabling Astronomical Transient discoveries in the Rubin era: the Fink-Brazil Workshop

Rio de Janeiro - Brazil, 6-10 May 2024

THIRD ANNOUNCEMENT

We invite students and researchers interested in transient astronomy with the Vera C. Rubin observatory to the **Fink-Brazil Workshop**. We welcome contributions from researchers at all career stages. You can access the registration and abstract submission form on the following webpage: <http://www.cbpf.br/fink2024> .

The registration fee is 40 USD (until 1 March 2024) / 60 USD (from 2nd March to 16 April 2024). Payment instructions will be communicated shortly. The organisers are working to enable exemption of the registration fee upon request. Please state the need for an exemption in the [registration form](#).

Abstract submission is accepted until **15 January 2024**. We welcome contributions from researchers at all career stages interested in exploiting astronomical alert streams from the next generation of big telescopes. The program will include [keynote talks](#), contributed presentations and a series of tutorials, aimed to enable easy access and manipulation of Fink data.

The workshop's working language is English. Remote participation will be possible, however all contributed talks and posters require participation on site.

This event is supported by [FAPERJ](#) and [CNRS-IN2P3](#).
