

GANIL Community Meeting 2024

The 3rd GANIL Community Meeting will be held from Monday 14th October to Wednesday 16th October 2024 at the [MoHo](#) in the centre of Caen.

The purpose of the meeting is to bring together the whole GANIL community to address needs and requests of the users, discuss the progress of ongoing activities and plan future initiatives. Organized by the [GANIL User Executive Committee](#) (GUEC), this will serve to trigger discussion to optimize GANIL's experimental devices and the corresponding calls for proposals. The meeting will focus on the status and discussion of beam/target and instrument (detector/electronics/acquisition) developments for the future of physics at GANIL.

The preliminary programme for the meeting is available on the [website](#).

Participants are expected to arrive from 12p.m. on Monday 14th at the MoHo, where lunch will be served from 12.30p.m, before beginning the meeting at 2p.m. A cocktail buffet will be provided on Monday evening after the sessions. Lunches will also be provided at lunchtime on Tuesday and Wednesday.

Participation is free, however you need to register on the [website](#) before 15th September 2024 for organizational reasons; when you register, you can also let us know if you have any special dietary requirements.

Looking forward to seeing you in Caen!

The Local Organizing Committee
