Pratique

Salles expérimentales : zones dangereuses

Experimental rooms : hazardous areas

Assistants de prévention

Security Managers

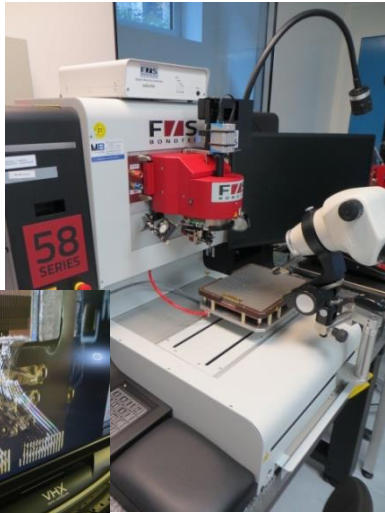

A. Lantheaume

C. Carvalhais

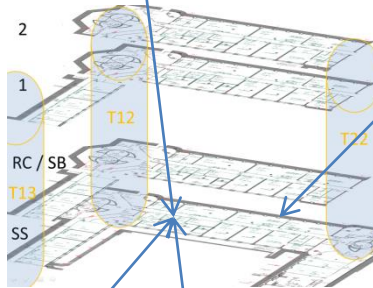

Soyez attentifs aux affichages de sécurité (qu'il faut lire)

Take care and read safety instructions

Machine à bonder (micro-connexions)
Bonding machine (micro-interconnects)

Salles Blanches
Clean rooms

Salle serveurs
Computing room

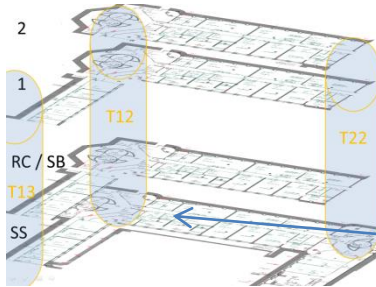

Machine de test sous pointes
Probe station

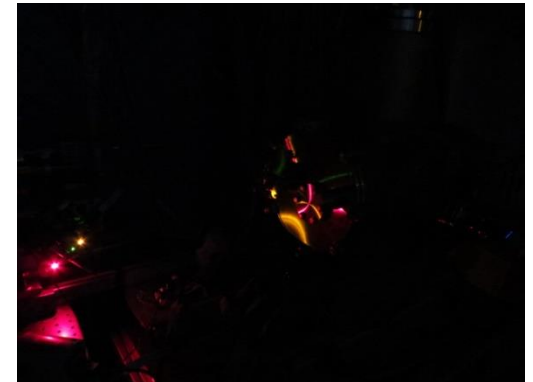

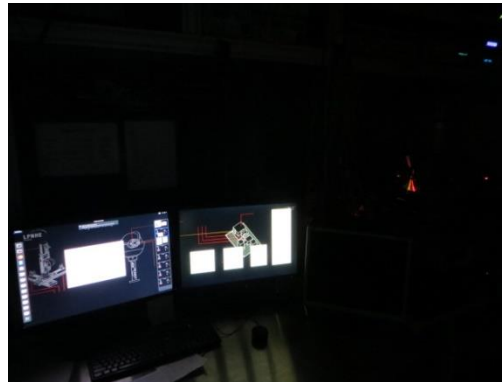

Eviter de travail seul (même dans le noir) : utiliser un DATI

Avoid working alone (even in the dark) : use a 'DATI' device

Banc très performant de caractérisation des CCD (LSST)
CCD (LSST) 'state of the art' test bench

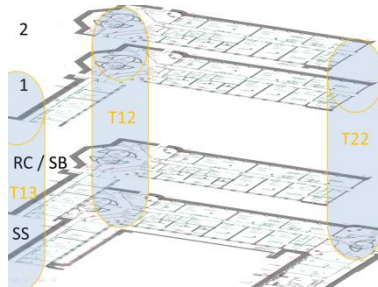

On pourra astucieusement demander une visite privée à l'équipe LSST qui pourra allumer la lumière

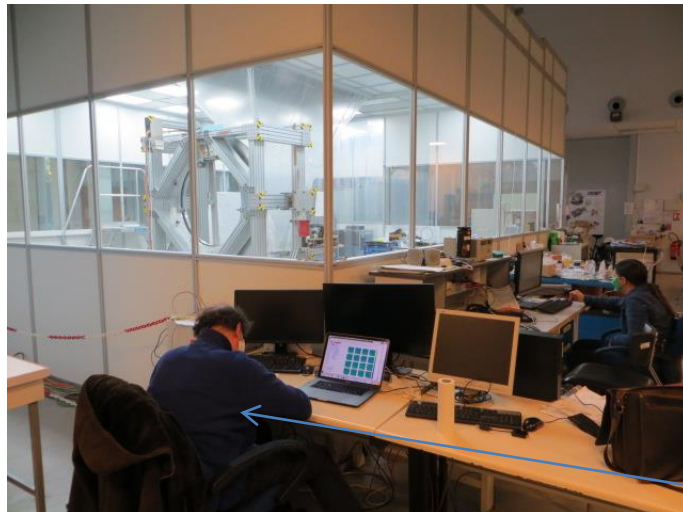

You can cleverly request a private visit (ask the LSST team, one may switch on the light)

Respectez les instructions de sécurité : demander à un collègue en cas de doute

If you have any doubts about how to behave : ask to a trained colleague

Hall de montage (patio 22-33)
Assembly hall

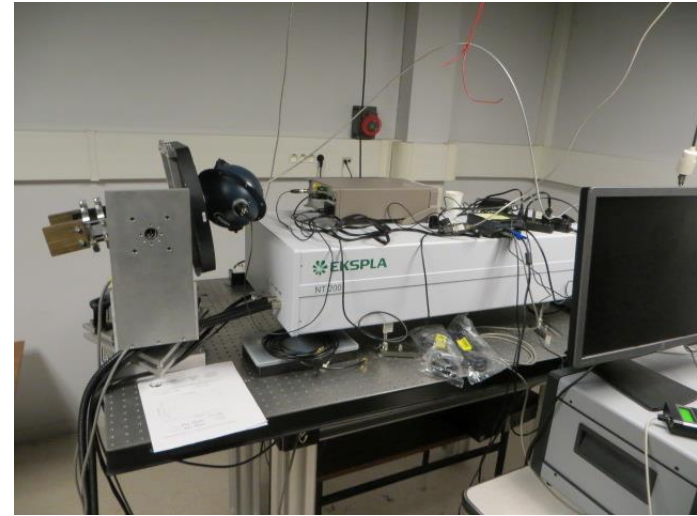

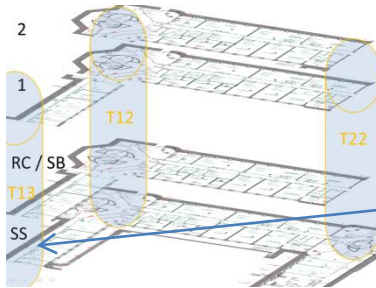

Carrousel LSST en salle propre
LSST carrousel in a clean room

Ce physicien sénior surveille les ingénieurs en train de travailler
This senior physicist watches over brave engineers at work

Même les dispositifs apparemment inoffensifs peuvent être dangereux

Beware of any seemingly trivial device

Laser pour la calibration d'un télescope

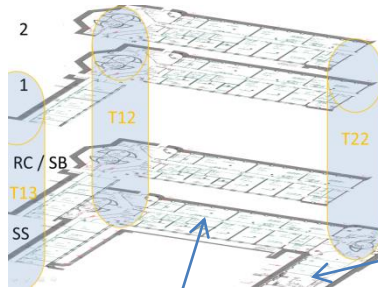

Laser for calibrating a telescope

Ce laser peut provoquer un incendie ou une cécité définitive

This laser can cause fire or permanent blindness

Il existe des endroits plus sûrs

Safer places exists

Local de stockage
Archives room

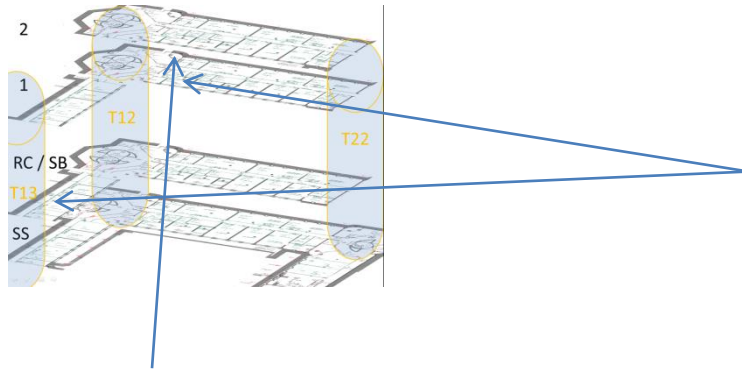

Salle HESS
HESS experimental room
