

# Workshop on radiative leptonic B decays

## mercredi 28 février 2024

### Charged current decays, theory - Hexagon Amphitheatre (14:00 - 15:30)

time	[id] title	presenter
14:00	[1] Radiative corrections within ChPT, and applications to (semi-)leptonic decays	KNECHT, Marc
14:45	[2] Structure-dependent QED effects in exclusive B decays at subleading power	KÖNIG, Matthias

# jeudi 29 février 2024

## Charged current decays, theory - Hexagon Amphitheatre (09:00 - 10:30)

time	[id] title	presenter
09:00	[6] Radiative leptonic and four-lepton decays with an energetic / virtual photon	BENEKE, Martin
09:45	[7] B meson LCDA parameterisations/ $B \rightarrow \ell\ell\nu$	VAN DYK, Danny
