WP3 – Testing and Widening Uptake

Romain David (ERINHA), Anca Hienola (FMI) and WP3 contributors

Main Objectives

- **Engage and cooperate** through dedicated activities + contribute to the **development of EOSC.**
 - **Support and train** smaller or less structured communities to build up their competences
 - **Establish mechanisms to collect operational needs** coming from user communities (DS registry+papers).
 - **Support the engagement** of cluster members (Dashboard)
 - Coordinate with the EOSC Association to **strengthen sustainability, accessibility, and resilience of RIs**
-

Tasks WP3 Testing and Widening uptake (TWEE)

- **COOPERATION WITH PROJECTS RELATED TO EOSC, RI DEVELOPMENT AND INTERNATIONAL FORA**
 - **USER ENGAGEMENT AND COACHING**
 - **COOPERATION SUBTASKS WITH EOSC STAKEHOLDERS**
-

Work and activities planned for the next 6-12 months

- a. Workshop - Skills4EOSC + INFRA-EOSC + EOSC + RDA
 - *task 1*
 - With a first unconference session submitted for EOSC Symposium*
 - a. Design of mentoring
 - *task 2 (Deliverable 1)*
 - a. Position paper per cluster about CC definition (start with EOSC-Life + SSHOC? ENVRI?)
 - *task 3*
 - a. Design of Data Steward registry (and webpages) and CC framework
 - *task 3*
-

Currently reviewing similar existing initiatives to competence centres & competence centers components

SKILLS4EOSC

- Meet together with WP1

EVERSE

To collaborate on skills / competence definitions

To build a part of data steward registry for software peoples

Registry:

Link between project to begin by link between peoples

Vocabularies in perspectives

The WP3 team thanks you for your attention.
