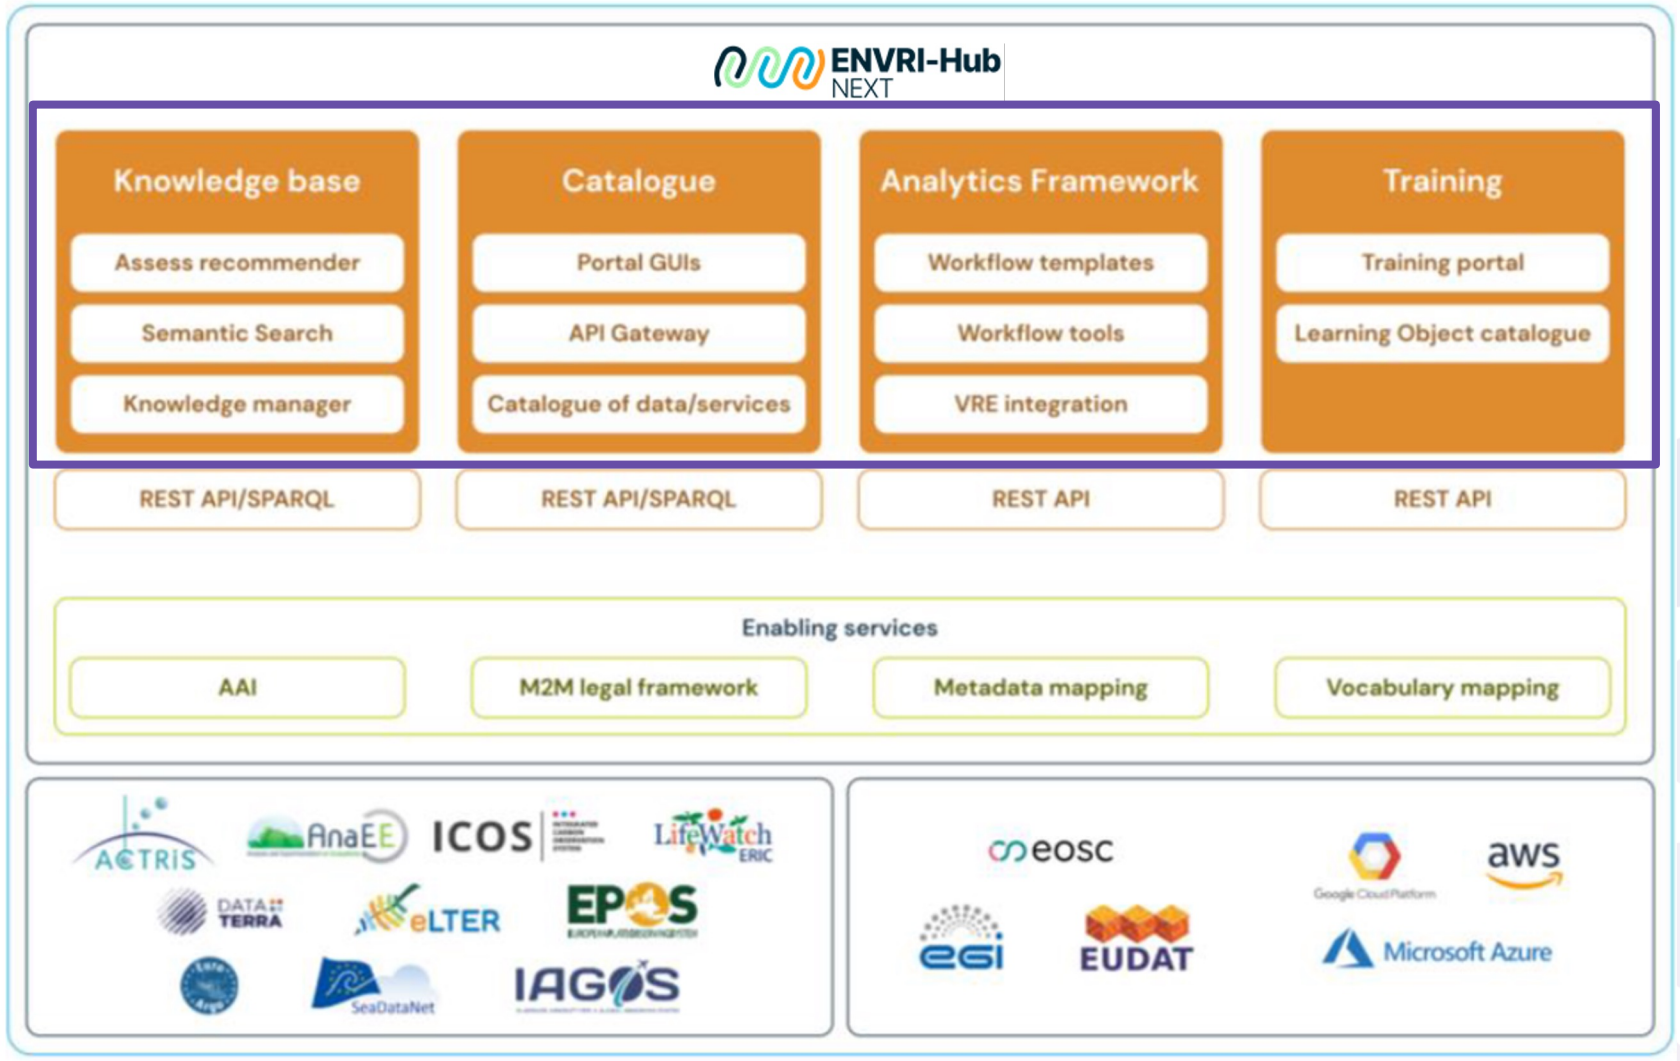
OSCARS
Open Science Clusters' Action for Research & Society

Kick-Off Meeting - Cluster presentations

ENVRI

Funded by the European Union

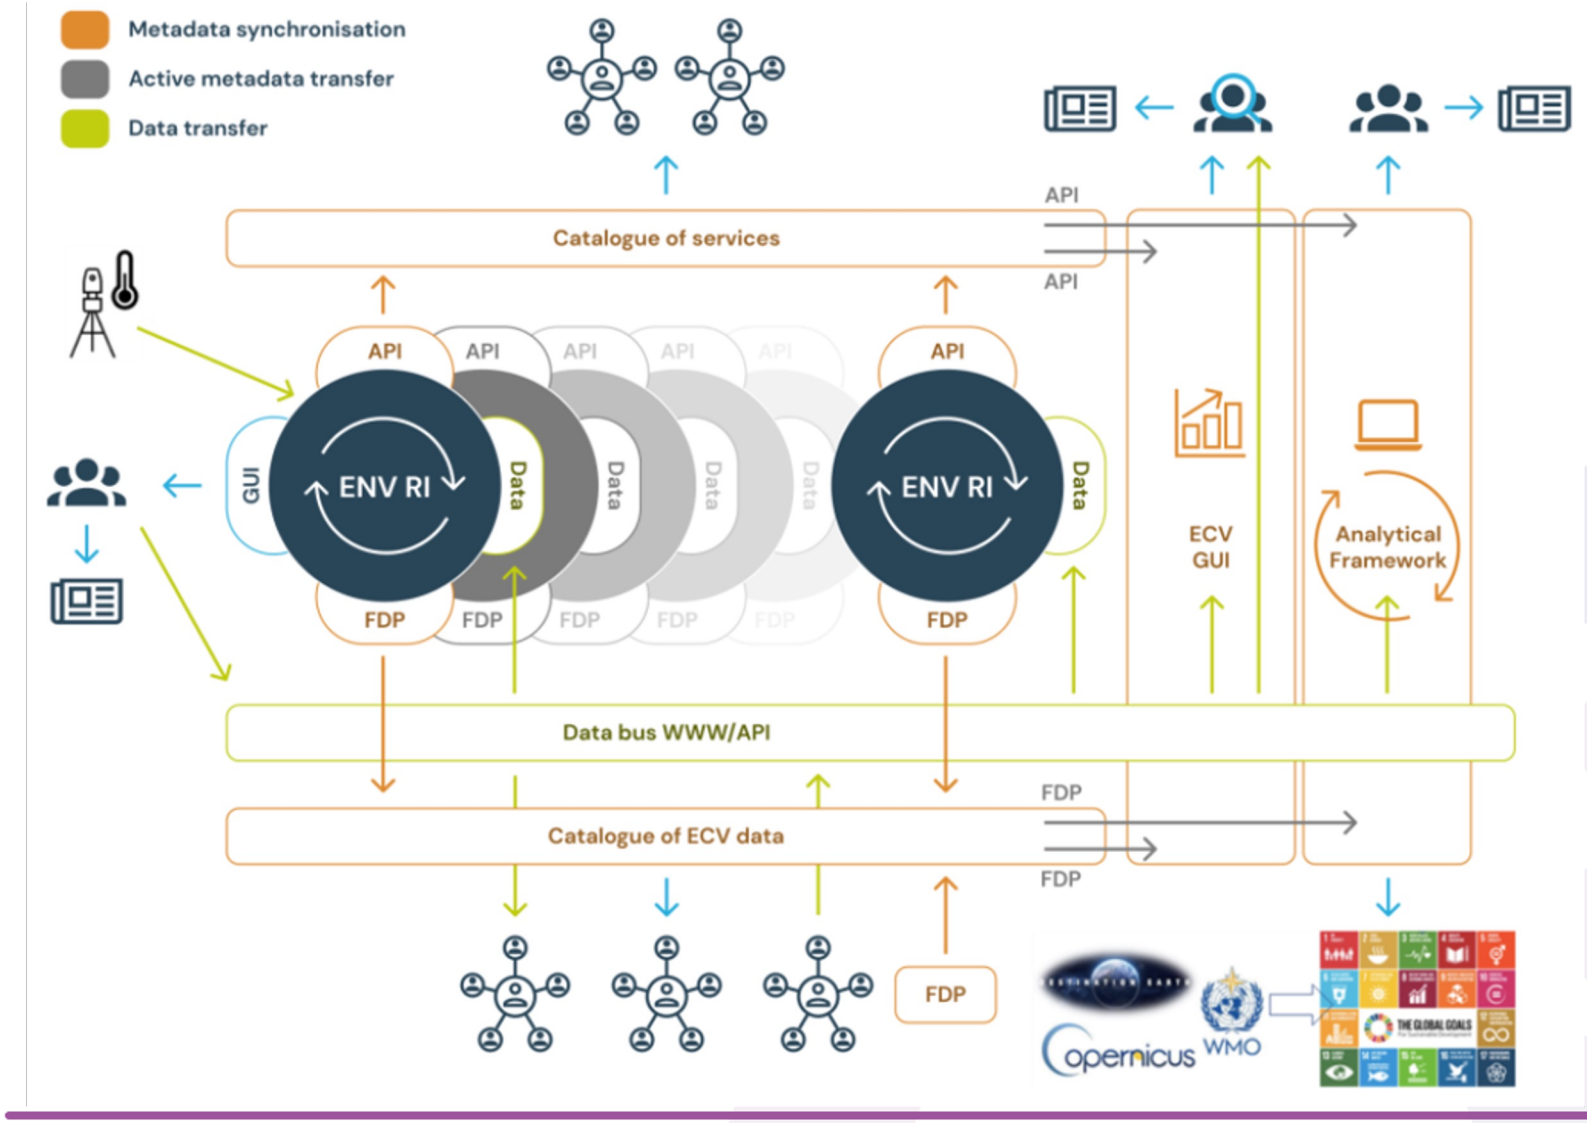
ENVRI - Competence centre concept, status



Components of the ENVRI Community Competence Center

CCC Implementation will be funded through OSCARS science cluster consolidation budget in close coordination with ENVRI-Hub NEXT

ENVRI - VRE/Software concept, status



eosc | EVERSE

Development and implementation of VRE/Software will be targeted in close coordination with EVERSE.

ENVRI - How could RI users benefit from EOSC?

Optimistic Scenario:

ENVRI CC becomes a cornerstone within EOSC, fostering enhanced cooperation and data sharing within and outside the environmental field of science.

Realistic Expectation:

The impact of EOSC on ENVRI users will likely fall between these extremes, with varied outcomes based on how EOSC resources and services are implemented and integrated.

Pessimistic View:

EOSC fails to provide tangible benefits or support to the ENVRI community, leaving existing challenges unaddressed.
