

Scientific Workshop on nu-Ball2 2024 - Reports from the last campaign and prospects for future experiments

ID de Contribution: 1

Type: **Non spécifié**

The nuBall2 project (remote)

mercredi 3 juillet 2024 14:40 (25 minutes)

NuBall2 experiment was installed at the ALTO facility at IJCLab, Orsay, France. It took data between April 2022 and May 2023. This presentation will give an overview of the life of the detectors between their reception up until all the NuBall2 equipment was removed from the beamline. It will be a good opportunity to list the different equipment that were able to run within NuBall2 as well as the different experiments that were carried out.

Orateur: Dr CHARLES, Gabriel (IJCLab)

Classification de Session: Introduction to the workshop, presentation of detectors and devices
