

Scientific Workshop on nu-Ball2 2024 - Reports from the last campaign and prospects for future experiments

ID de Contribution: 21

Type: **Non spécifié**

AGATA physics campaign at LNL

vendredi 5 juillet 2024 09:00 (25 minutes)

My intention is to discuss the general picture of physics cases addressed with AGATA at LNL, with one or two examples presented in more detail, as well as provide information on available ancillary detectors, as well as perspectives of studies in the second part of the campaign involving AGATA at zero degrees.

Orateur: ZIELINSKA, Magda (CEA Saclay)

Classification de Session: Presentation of parallel complementary activities in other facilities, perspectives for the future experiments and campaigns
