

# Welcome to Strasbourg and

## ■ 7 invited speakers

Monday

- **Anabela Veloso** (IMEC Leuven) *Entering a New Era of Innovation in Semiconductor Tech.*
- **Claire Juramy** (LPNHE Paris) *Pixel sensors used in telescopes for space observation*

Tuesday

- **Renato Turchetta** (IMASENIC Barcelona) *Scientific imaging sensors for medical and life science*
- **Andrei Nomerotski** (Florida, TU Prague) *Time-stamping photons with sub-nanosecond resolution*

Thursd. /  
Wend.

- **Alexandre Oh** (Manchester University) *Wide band-gap material sensors*
- **Marco Mandurrino** (INFN Torino) *Realistic Monte Carlo simulation of silicon det.*
- **Gzregorz Deptuch** (BNL) *Enhancing Sensor Readout Efficiency*

## ■ 60 oral contributions & 32 posters

- Applications: HEP, astro, photon & medical sciences
- Radiation tolerance, materials, timing, MAPS, electronics, integration

# This week's agenda

	Monday 18/11	Tuesday 19/11	Wednesday 20/11	Thursday 21/11	Friday 22/11
8:30-9:00	Registration	HEP experiments 2/3	Sensing materials& Radiation tolerance 1/2	HEP experiments 3/3	System integration 1/2
9:00-9:30	Welcome	Electronics			
9:30-10:00	Coffe	Coffe	Coffe	Coffe	Coffe
10:00-10:30	HEP experiments 1/3	Medicam imaging applications	Sensing materials& Radiation tolerance 2/2	Timing with pixels 2/2	System integration 2/2
10:30-11:00					Farewell + Announcement
11:00-11:30				Poster introduction	Lunch box distribution (if registered)
11:30-12:00				Buffet in Winter garden

- Coffee served at Restaurant
- 5' walk from here

## ■ Tuesday lunch for Poster presenters

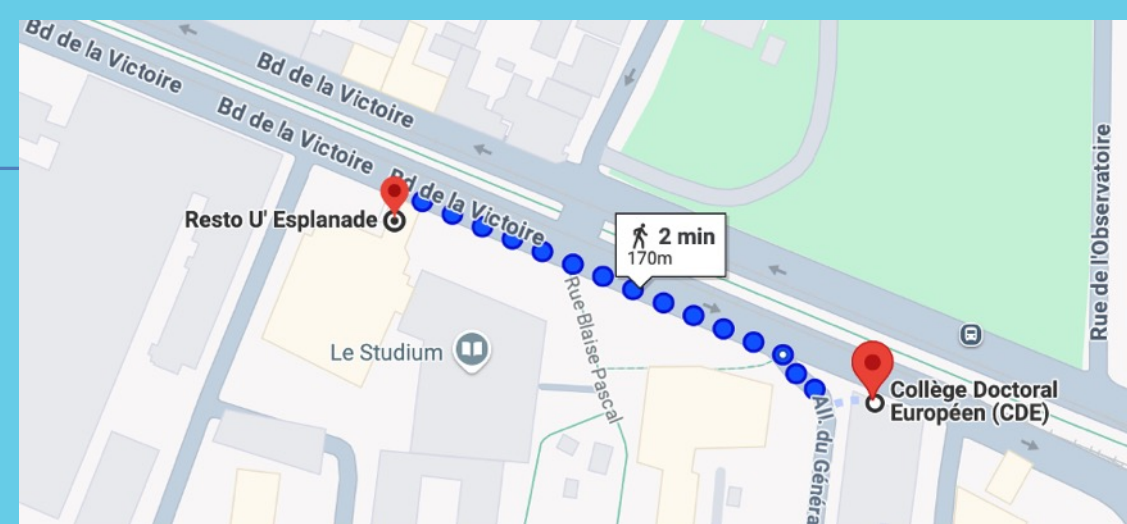

- Lunch box available in Winter garden
- Installation of your poster

## ■ Thursday lunch:

- buffet with poster in Winter garden

## ■ Friday lunch:

- lunch boxes ordered at registration

## ■ Tuesday dinner at Le Grand Tigre

- Free of charge
- Flammkeuch + drinks (Veggie option)
- Registration needed (ticket),  
=> still possible till Monday 16h!

## ■ Thursday banquet at La Bourse

- Registration needed (ticket)
- Veggie ticket to be set on your plate

=> MAPS on indico site

# Organizing committees

## ■ International advisors

- Shiva Abbaszadeh, University of California, Santa Cruz
- Jerome Baudot \*, IPHC, Strasbourg
- Gabriella Carini, BNL, Upton
- Bart Dierickx \*, Caeleste, Mechelen
- Lars Furenlid, University of Arizona, Tucson
- Claudia Gemme \*, INFN, Genoa
- Takaki Hatsui \*, RIKEN, Sayo
- Harris Kagan, Ohio State University, Columbus
- Hans-Günther Moser, MPI, Munich,
- Leonardo Rossi \*, INFN Genoa and Harvard University
- Walter Snoeys \*, CERN, Geneva
- Yoshinobu Unno, KEK, Tsukuba
- Norbert Wermes \*, University of Bonn

\* attending Strasbourg workshop
